The Flintstones

Every prime-time animated television series traces its lineage back to *The Flintstones*, the first show to disprove the notion that cartoons are suited only for children. From 1960 to 1966, the comical adventures of the stone-age Flintstone family unfolded weekly on ABC. Essentially a pre-historic version of *The Honeymooners*, the program revolved around Fred Flintstone, an irascible blowhard (voice of Alan Reed), his pliant pal Barney Rubble (voice of Mel Blanc), and their long-suffering spouses. Cartoon veterans William Hanna and Joseph Barbera produced the cheaply-animated half hour. A live action movie version, starring John Goodman as Fred, was produced in 1994, but was not as popular with audiences as the original cartoon.
